GENERAL BUSINESS PRESENTATION ● 2026

YOUR TOTAL SUPPLY CHAIN MANAGEMENT

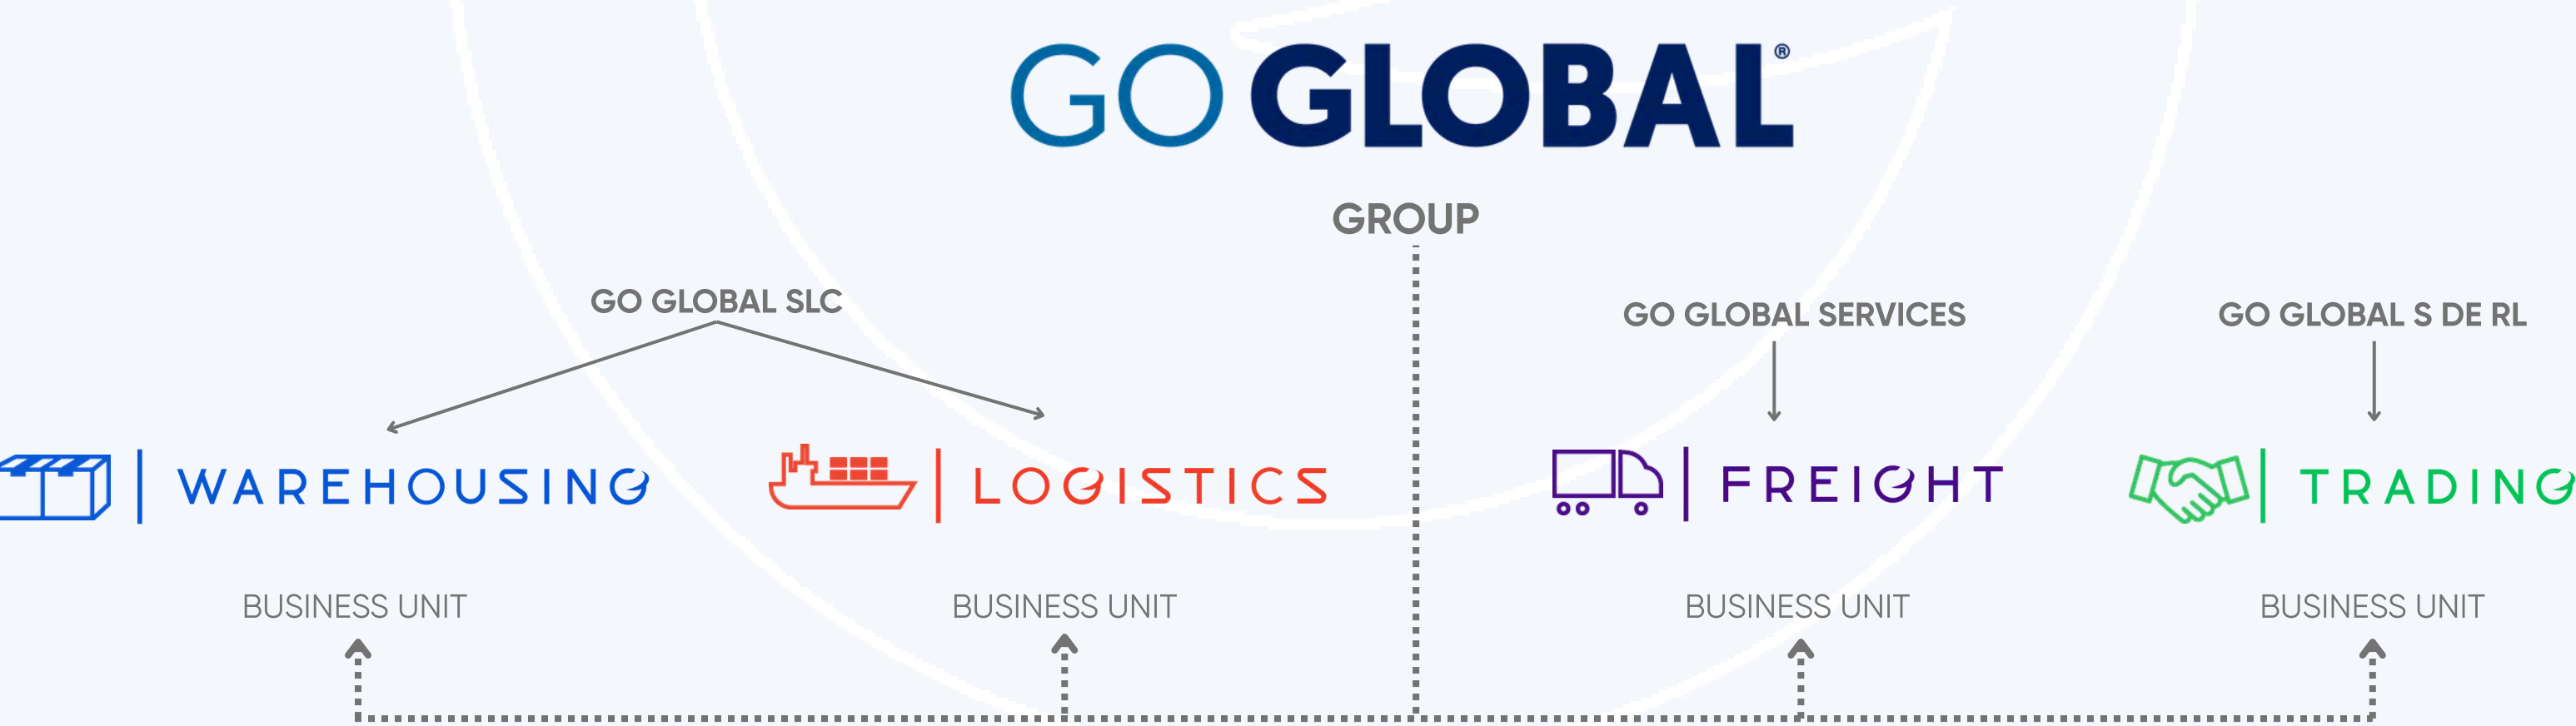

ABOUT US

Your trusted partner for global supply chain

Go Global Group is a leading expert in Total Supply Chain Management founded in Louisville, Kentucky, with a proven track record of over 25 years globally.

We operate through **four business units** that work as one supply chain, so you get a single partner from your supplier to your production line.

25+ years connecting global supply chains with the Mexican market

25+ yrs

In operation since 1996, founded in Louisville, Kentucky

5 sites

5 own and 2 partner sites in Mexico

≈40k m²

Of warehouse space across the network

37k+

Pallet positions in our own Mexico warehouses

27 units

Own branded fleet, from last-mile vans to 53' trailers

17

Client countries of origin; 80% of billing is international

OUR HISTORY

From Louisville to the heart of Mexico's industry

CLIENTS AND INDUSTRIES

Trusted by global manufacturers

17 countries our clients come from

NORTH AMERICA

SOUTH AMERICA

EUROPE

ASIA

Industries: appliances · electrical · electronics · automotive (Tier 1 and Tier 2) · construction and agriculture

INDUSTRIES WE SERVE

Built for manufacturing supply chains

Appliances

OEMs of refrigerators, ranges, washers and dryers

Electrical

OEMs of electrical components for retail

Electronics

Tier 1 harness and electronic board makers

Automotive

Tier 1 and Tier 2 suppliers for light and heavy-duty vehicles

Others

Construction and agriculture products

The problems we solve for you

Your challenge	How we solve it	What you gain
Taxes paid on stock you haven't used	Import under our IMMEX, VAT and IEPS certified	Cash flow protected
No visibility of your stock	Go Global Digital, live by part number and lot	Inventory control
Line stops and long lead times	Stock near your plant and our own JIT fleet	Supply continuity
Non-value tasks on your shop floor	Reworks, kitting and light manufacturing	Simpler operation
Too many providers to coordinate	Four units, one point of contact	One accountable partner
Entering Mexico with no local entity	Softlanding, representation and our IMMEX	Faster market entry

**BUSINESS
UNITS**

**YOUR TOTAL SUPPLY
CHAIN MANAGEMENT**

THE INTEGRATED SOLUTION

From the supplier to your line, one partner

Example: a foreign supplier arrives in the Bajío.

TRADING

Opens the door to
its first clients

LOGISTICS

Ocean freight and
customs under our
IMMEX

WAREHOUSING

VMI stock, kitting
and checks near
the plant

FREIGHT

JIT to the line with
our own fleet

DIGITAL

Supplier and client
see every pallet
online

One partner, one point of contact,
end to end.

What we do inside our warehouses?

01 · INBOUND

- Receiving and inspection
- Container unloading
- Cross-dock
- Yard and dock scheduling

02 · STORAGE

- Selective, double-deep and drive-in racks
- Floor storage
- FIFO and lot control
- Cycle counting

03 · VALUE-ADDED

- Pick and pack
- Kitting, repacking, labeling
- Containment and quality reworks
- Light manufacturing

04 · PROGRAMS

- Vendor Managed Inventory
- IMMEX temporary imports
- JIT and Kanban
- Reverse logistics
- Back-office services

All of it runs on Go Global Digital, our in-house platform: every movement is scanned, timed and visible to you online.

Production, assemblies and reworks

We take non-value tasks off your shop floor and deliver ready-to-use parts, just in time, from inside our warehouses.

01 • LIGHT ASSEMBLIES

- Sub-assemblies and contract manufacturing
- Parts, motor and fan blade assemblies
- Connectors, cables and harnesses
- Plastic assemblies
- Kitting for your production line

02 • CONTAINMENT AND REWORKS

- Sorting and inspection
- Labeling and standard pack change
- Parts replacement
- Quality reworks
- Containment to protect your line

03 • WHAT YOU GAIN

Late differentiation: less on-hand and obsolete stock

Lower overhead and assembly cost

More productive floor space in your plant

National content to use trade agreements

OUR MANUFACTURING OPERATING STANDARD

Visible by shift, day and month: OEE, availability, quality, downtime, inventory and fill rate. · **Dedicated areas** in El Sauz, Tres Naciones and Eje 140.

Quality and compliance you can audit

ISO 9001:2015

Quality management system
certified at all our sites.

IMMEX program

Our own program for
services, active since 2011.

VAT and IEPS certification

Tax benefits on
temporary imports.

One model, from your supplier to your line

1 Import under our IMMEX

Air, sea or land freight enters Mexico temporarily under Go Global's IVA & IEPS certified program.

2 Store on consignment

Supplier-owned stock held near-site, with sorting, inspection, kitting, labeling and light assembly.

3 Deliver JIT to your line

Your pull signal triggers a V1 virtual transfer and delivery by our dedicated fleet.

4 Close the month

Invoicing and inventory reconciled on actual consumption, with pedimentos, Annex 24/30 and MVE handled.

Powered by Go Global Digital (SIADAL 4.0 WMS): every movement scanned, timed, Annex 24/30 compliant and visible online to vendor and client in real time.

WHO IT IS FOR

Built for companies supplying Mexico's lines

Foreign Suppliers & Tier Vendors

Sell to IMMEX manufacturers in Mexico without a local legal entity or in-country staff.

OEMs & Tier 1 Manufacturers

Remove inventory holding risk while keeping JIT line availability.

Companies Without Their Own IMMEX

Access a certified import program without setup costs or compliance burden.

Nearshoring Enterprises

Scale fast in Mexico on an established, audit-ready 3PL infrastructure.

VAT & IEPS tax credit	Working capital	Regulatory shield	Supply proximity
Cash flow protected from day one	Pay on consumption, not on arrival	SAT, Annex 24/30 and MVE handled	Shorter lead times, fewer line stops

PROPRIETARY TECHNOLOGY

Go Global Digital

A software we built for your operation

Developed in-house and live at every site, it controls each step from the gate to the shipment.

100%

of sites and modules live

-70%

admin workload per order

Yard and docks (YMS)

Booking, QR check-in, dock assignment

Putaway and locations

Digital map of every rack position

Orders

EDI, email, PDF or Excel to picking list

Picking and pallets

QR and unique ID on every pallet

Cycle counting

Planned counts and variance review

Supervisor and tasks

Who does what, and when, in real time

Forklift maintenance

Daily checklists, preventive plans

Reports and dashboards

Live KPIs by warehouse and client

Cloud-based on Microsoft Azure · role-based access · daily backups

Know where your product is, at any moment

- Exact location: site, rack, level and position
- Stock by part number and lot
- Order status from request to shipment
- Full trace of each pallet: who, what and when
- Reports and KPIs on demand

Pallet 45

ID 9F3D7E2A

Order SO-0487 · 6 items · 34 pieces

- 08:14** Picking assigned to operator
- 08:16** Picking starts at A-01-03
- 08:32** Pallet built
- 08:33** QR label and unique ID printed
- 08:37** Content validated on handheld
- 08:40** Shipped · delivery note REM-001254

Dedicated Fleet & Transport Capabilities

0.7–2.5 t

Last mile

Vans and pickups for fast urban and plant deliveries.

5–16 t

Distribution

Rabón and torton trucks for regional routes and shuttles.

24–35 t

Heavy transport

Tractors with 53' dry vans and a flatbed for full loads.

12–14 pax

Personnel

Passenger vans to move your staff safely.

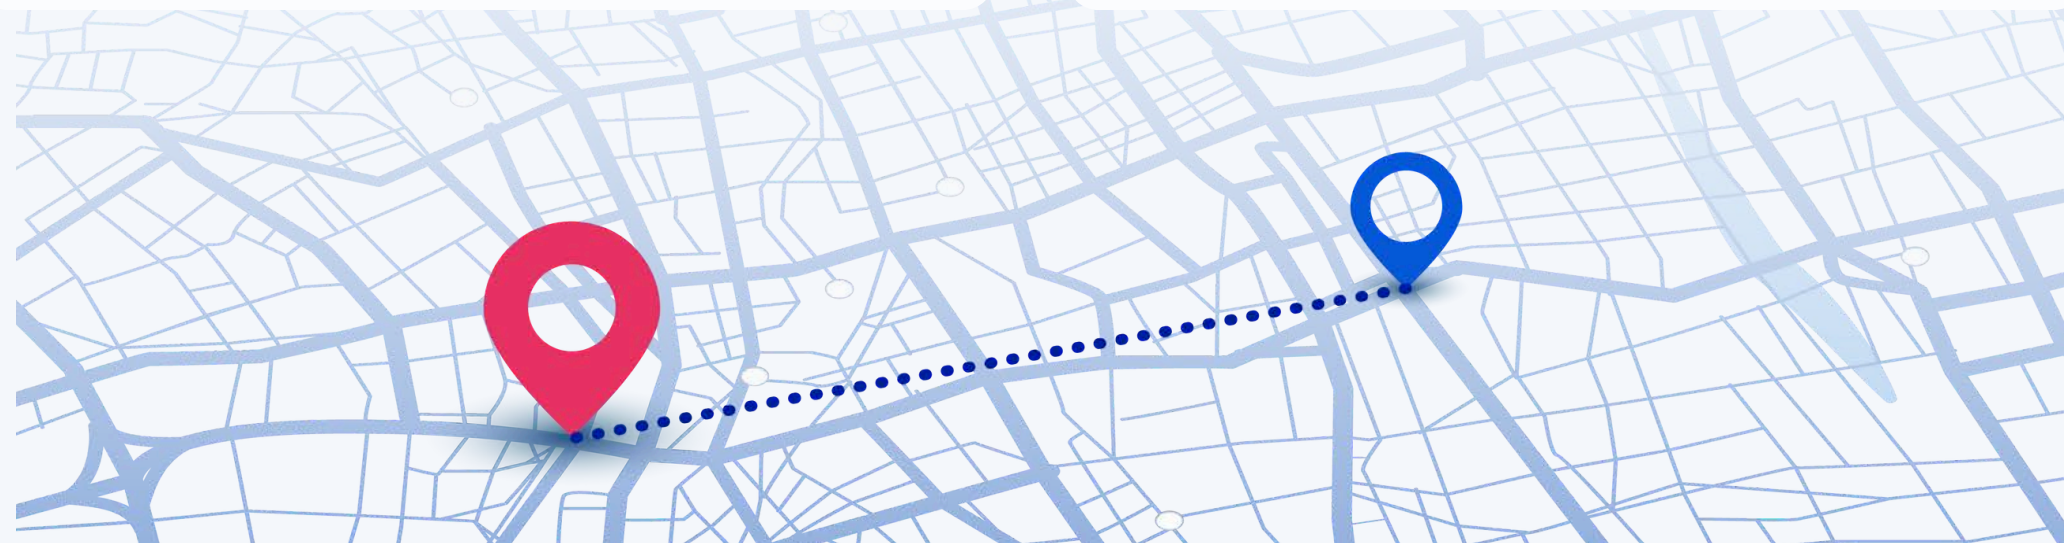

Own branded units, monitored 24/7

COVERAGE

The Bajío and the industrial north:
Querétaro, Guanajuato, San Luis
Potosí, Nuevo León and Coahuila.
Mexico–US by road with Logistics.

HOW YOU HIRE US

Dedicated units for your operation,
scheduled routes such as milk runs
and shuttles, or one-off full loads.

TECHNOLOGY PARTNER

Our official partner for GPS, cameras
and fleet security.

- Real-time GPS on every unit
- AI dash cams for driver safety
- 24/7 monitoring and security alerts
- Analytics to optimize routes
- Integrated with our fleet system

Logistics and foreign trade

Ocean, air and inland

International moves by any mode, door to door.

Foreign and domestic freight

One coordinator for every leg of the trip.

Consolidated freight

Shared loads to lower your cost per shipment.

Procurement

From supplier purchase to delivery in your plant.

Customs clearance

Import and export documentation and procedures.

Planning and strategy

Supply chain design to make the flow efficient.

Your bridge into the Mexican market

We connect international manufacturers with business in Mexico: we represent you, find partners and handle the commercial and import work so you can grow faster.

 Softlanding

 Representation for foreign companies

 New product introduction

 Outsourced international sales

 Sourcing

 New market development

 Alliances, joint ventures and M&A

 Brokering opportunities

 Procurement and purchasing

SOFTLANDING ADVANTAGE
Zero local legal entity or in-country payroll required.

We sell for you. We buy for you.

Trading is our commercial unit: we act as your sales and purchasing team in Mexico, with the import, storage and delivery already built in.

 PUSH FLOW
For Global Sellers Foreign → Mexico

You produce abroad, we commercialize and deliver to Mexican buyers:

-  **Sales Strategy & Representation**
Local account reps, trade fairs, summits, and client prospecting.
-  **Commercial Distribution**
New market development and direct Mexican channel penetration.
-  **Turn-Key Fulfillment & Support**
Order execution, customer service, and quality assurance.

 PUSH ————— PULL 

- BUILT-IN OPERATING UNITS**
-  **IMEX Import License**
 -  **Warehousing & VMI Hubs**
 -  **Dedicated Freight Fleet**
 -  **Go Global Digital Suite**

 PULL FLOW
For Mexican Buyers Global → Plant

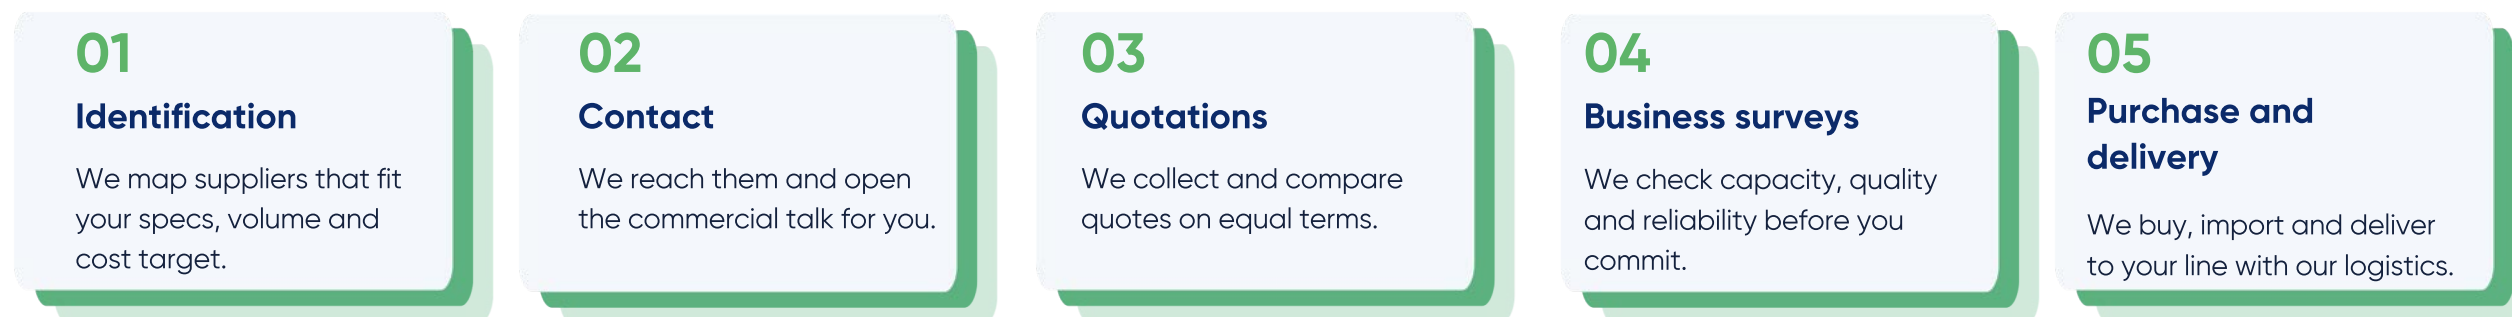

Your plant needs it, we find, purchase, and import it:

-  **Global Sourcing & Procurement**
Supplier vetting, quote comparisons, and international purchasing.
-  **Consortium Buying Power**
Volume pooling to negotiate lower tiered unit costs.
-  **VMI & Strategic Alliances**
Vendor-managed safety inventory, supply planning, and JVs.

Sourcing: we find the right supplier

Our global sourcing process connects your plant with suppliers in North America, Asia and Europe, and we manage the purchase all the way to your line.

SOURCING INTELLIGENCE • HOW WE WORK

COMMODITIES WE SOURCE

FOR THESE INDUSTRIES

- Automotive
- Appliances
- Metal-mechanic
- Consumer products
- Aeronautics
